

# *Approved Applicator for DURANAR® (PVDF)*

## *HD Wahl GmbH*

PPG Industries certify that  
**HD Wahl**  
is registered as an approved applicator of  
PVDF Duranar® liquid paint.

Duranar® liquid paint, the most successful PVDF finish  
used in the architectural industry worldwide  
exceeds the AAMA 2605-05 specifications, and the BS 6496 standards  
(certificate n° 88/2021) from the British Board of Agrément.

The appointment of HD Wahl as a fully approved applicator of  
Duranar® paint indicates that they meet all the demanding  
standards of application and quality control laid down by PPG  
Industries .

The approval procedure was conducted according to the requirements  
of the AAMA 2605-05 specification,  
and was concluded by satisfactory results.

All PPG products are manufactured according to ISO 9001 procedures.
